If only a component is being repaired or replaced, the warranty period for such component is 90 days from the date of shipment or the remaining period on the original Hardware warranty, whichever ends later. The preceding states Purchaser's sole remedy and Seller's sole obligations under the warranty.

8. Support Plan

Repaired or replaced items are warranted to conform to the Specifications for 90 days from the date of installation or repair of such repaired or replaced item, unless an Extended Support Plan has been purchased in which case the remaining pro-rated balance of the purchased Extended Support Plan will transfer to the replacement hardware.

(iv) Documentation Updates. During the Term, Seller shall use commercially reasonable efforts to provide updates to Documentation. Updates to Documentation may be distributed electronically in the form of release notes at the discretion of the Seller.

(v) Preventative Maintenance Visits. During the Term, Seller will use commercially reasonable efforts to provide preventative maintenance on-site according to the terms of the purchased Support Plan, which may result in one or more days of system down time. Seller shall cooperate with Purchaser to schedule such preventative maintenance visits at a time that is mutually convenient for both parties. All such preventative maintenance services will be provided by Seller designated service and support personnel (which may include subcontractors). All travel, labor and parts/materials expenses associated with prescribed preventative maintenance visits, visits to service, repair or replace covered items, and applications support visits as provided for in the Support Plan are included in the price set forth for such Support Plan. Seller shall not be liable for any types, or amounts, of damages or losses of any kind resulting from the down time during such preventative maintenance visits.

- f. Relocation of Covered Hardware. If Purchaser requires relocation of Covered Hardware, relocation must be performed by Seller Service personnel or Seller designated Distributor Service Providers, at a labor rate determined by the Seller. If Purchaser moves the Covered Hardware without the knowledge and approval of the Seller the Support Plan is terminated.
- g. Recertification Requirement. If the Support Plan or warranty term expires without purchase of a new term, Purchaser will only be eligible for a new Support Plan if Seller has inspected it and provided a written notice to Purchaser that the Hardware is eligible for a Support Plan ("Recertification Requirement"). Purchaser acknowledges that Covered Hardware may have to be repaired, at Purchaser's sole expense, prior to being eligible for a Support Plan. If Purchaser renews the Support Plan on a piece of Covered Hardware prior to the expiration of the Support Plan Seller will waive the Recertification Requirement.
- h. Non-Transferable. All Support Plans are personal to the original Purchaser of the Covered Hardware and may not be transferred or assigned to any third party.

This Section states the entire liability of Seller for any infringement of third party intellectual property rights.
- b. Exclusions to Seller Indemnification Obligations. For the avoidance of doubt, Seller has no obligation to defend, indemnify or hold harmless Purchaser for any infringement claim to the extent such infringement arises from: (i) use of the Product in any manner not in accordance with the rights

expressly granted to Purchaser under these terms and conditions, (ii) use of the Product in combination with any third party products, materials, or services (unless the Product's Documentation or Specifications expressly state such third party's good is for use with the Product), (iii) use of the Product to perform any assay or other process not supplied by Seller, (iv) Seller's compliance with specifications or instructions for such Product furnished by, or on behalf of, Purchaser, or (v) Purchaser's breach of any of these terms and conditions, (vi) use of stand-alone third party goods that may be acquired or used with the Products (each of (i) – (vi), is referred to as an "Excluded Claim").

10. Payment Terms

- b. Services. Seller will invoice fully at time of total work completion for field service work or partially at time of agreed upon milestone completion for validation services. If milestone completion has been delayed due to Purchaser not meeting the Customer's Responsibilities outlined in the Validation Services' project plan, Seller will invoice at original scheduled time per the Validation Services' project plan even if work is not completed. Any requested changes to the Services including additional products or time require an update to the quote and purchase order that is based on the requested changes before the work can begin. If the Purchaser terminates the services, any previously completed field service work or validation service milestone is deemed complete and is therefore nonrefundable. For a mid-milestone cancellation during validation services, any completed work to- date is deemed complete and therefore billable.
- c. Support Plans. Seller will invoice upon purchase for support plans purchased with the sale of a new instrument or if the instrument's existing warranty or support plan has not expired. If the instrument's warranty or support plan has expired, the seller will invoice once the recertification requirement is complete per the terms in section 8g. For the avoidance of doubt, if the buyer purchases a multi-year support plan, then the seller will invoice for all years upon purchase.
- d. General Terms for all purchases. Subject to Seller's credit review of Purchaser (following which Seller shall inform Purchaser of applicable payment terms), all payments are due within 30 days of the date of the invoice unless otherwise agreed to between Seller and Buyer in writing. All amounts due shall be paid in the currency found on the invoice. If payment is made by wire or other electronic funds transfer, Purchaser is solely responsible for any bank or other fees charged, and will reimburse Seller for any such fees. Purchaser shall pay for all costs (including reasonable attorneys' fees) incurred by

Seller in connection with the collection of late payments. Each purchase order is a separate, independent transaction, and Purchaser has no right of set-off against other purchase orders or other transactions with Seller. Seller will determine payment terms on a per-order basis and may modify credit terms in its discretion. Any amounts not paid when due will accrue interest at the rate of 1.5% per month, or the maximum amount allowed by law, if lower.

11. Shipping Terms: Title and Risk of Loss

All prices and other amounts payable to Seller are exclusive of and are payable without deduction for any taxes, customs duties, tariffs or charges hereafter claimed or imposed by any governmental authority upon the sale of Product, all of which will be paid by Purchaser. In the event Seller is required by law or regulation to pay any such tax, duty or charge, such amount will be added to the purchase price or subsequently invoiced to the Purchaser. For Purchasers in New Zealand, Seller and Purchaser agree that subsection 8(4) Goods and Services Tax Act 1985, as may be amended, does not apply to the Products.

The failure of either party to exercise any right granted herein or to require any performance of any term or the waiver by either party of any breach shall not prevent a subsequent exercise or enforcement of, or be deemed a waiver of any subsequent breach of, the same or any other term.
